Facts of Our Faith

ARTICLE 4 OF THE APOSTLES CREED: Paragraph 3. Jesus Christ Was Buried
624 "By the grace of God" Jesus tasted death "for every one." In his plan of salvation, God ordained that his Son should not only "die for our sins" but should also "taste death," experience the condition of death, the separation of his soul from his body, between the time he expired on the cross and the time he was raised from the dead. The state of the dead Christ is the mystery of the tomb and the descent into hell. It is the mystery of Holy Saturday, when Christ, lying in the tomb, reveals God's great sabbath rest after the fulfillment of man's salvation, which brings peace to the whole universe.

Christ in the tomb in his body
625 Christ's stay in the tomb constitutes the real link between his passable state before Easter and his glorious and risen state today. The same person of the "Living One" can say, "I died, and behold I am alive forever more".

626 Since the "Author of Life" who was killed is the same "living one (who has) risen, the divine person of the Son of God necessarily continued to possess his human soul and body, separated from each other by death.

"You will not let your holy one see corruption."

627 Christ's death was a real death in that it put an end to his earthly human existence. But because of the union which the person of the Son retained with his body, his was not a mortal corpse like others, for "it was not possible for death to hold him" and therefore "divine power preserved Christ's body from corruption."
